

The Third Conference on

Millimeter Wave and Terahertz Technologies

DEC 30, 14 - JAN 1, 15 Amirkabir University of Technology, Tehran, Iran

Amirkabir University of Technology
Center of Excellence on
Radio Communication Systems

University of Tehran
Center of Excellence on
Applied Electromagnetic Systems

The third conference on millimeter-wave and terahertz technologies, organized by The Center of Excellence on Radio Communication Systems of Amirkabir University of Technology and The Center of Excellence on Applied Electromagnetic Systems of the University of Tehran, will be held in the Department of Electrical Engineering of the Amirkabir University of Technology.

The conference provides a forum for researchers in this field and practitioners to exchange research achievements and to share their experiences. Technical papers describing original contributions to the research, development, and applications of millimeter-wave and terahertz technologies are welcomed. Topics of interest include but are not limited to the following areas in millimeter-wave and terahertz technologies:

- Antennas and Propagation
- Circuits and Devices
- Measurements
- Communication Systems
- Microwave Photonics
- Modeling and Numerical Techniques
- Other Related Topics

IMPORTANT DATES

Paper submission deadline:	October 29, 2014
Proposals for workshops deadline:	November 8, 2014
Acceptance notification:	November 29, 2014
Camera-ready submission:	December 13, 2014

SUBMISSION GUIDELINES

- 1- Proposals for special sessions and workshops could be recognized in the mentioned topics. All specialists are invited to submit their final proposals until 8 November 2014.
- 2- Papers presenting original and unpublished work are invited and will be evaluated based on originality, significance, technical soundness, and clarity of exposition.
- 3- All papers must contain: title, author full names, affiliations, full addresses, and email address.
- 4- Detailed information about the paper, format and all other submission guidelines are available in the conference website.
- 5- All papers must be submitted electronically using the conference website.
- 6- Only English papers will be considered.
- 7- Selected extended papers will be published in peer-reviewed national journals.
- 8- Only presented papers in the conference will be published in the conference proceedings.
- 9- All accepted and registered papers will be submitted to the IEEE Xplore for consideration.
